SAFETY CUTTER

GS-ET-23 Compliant

NEW

SC105M

Battery hydraulic safety cutting tool with remote control, Ø 105 mm, with 18 V Makita battery

SC105B

Battery hydraulic safety cutting tool with remote control, Ø 105 mm, with 18 V Bosch battery

GS-ET-23 COMPLIANT

GS-ET-23 © BG ETEM

REED SENSOR FOR RELIABLE CUT DETECTION

UNIQUE BLUETOOTH DISTANCE MEASUREMENT (UP TO MAX. 50 M)

SC105M/B

FOR MORE KLAUKE UTILITY PRODUCTS:

IEC International Electrotechnical Commission

LONG RANGE: Connection status visualised via remote control

BATTERY STATUS MONITORING: 100% prevention of incomplete cuts

SPACE-SAVING: Lightweight and compact design

LOW MAINTENANCE: No regular oil and hose changes necessary

TECHNICAL DETAILS

Area of application	- Multi-core cables up to 60 kV - Single-core cables up to 110 kV
Cutting range	Ø 105 mm
Low voltage	e.g. NYCWY and NAYY up to 4x300 mm ²
Medium voltage	e.g. NKBA 3x300 mm ² (6/10 kV) NA2XS2Y 3x1x500 mm ² (20 kV)
Weight with battery	10,5 kg
Protection class	IP 55
